

COMPANY OVERVIEW

CP Pumps Inc. provides advanced pumping solutions tailored to the unique needs of the chemical, pharmaceutical, petrochemical, biotech, and food and beverage industries. Specializing in magnetic drive pumps, our products are designed for long-term, maintenance-free operation in demanding environments, eliminating the need for mechanical seals or complex thermosiphon systems. Adhering to ISO 9001 standards, we deliver energy-efficient, environmentally friendly pumps that meet global safety and performance requirements. With a commitment to customization and top-tier customer support, we enhance operational efficiency and reliability for clients, ensuring seamless integration and long-lasting results.

CORE COMPETENCIES

- **Innovative Pump Design:** Pioneering high-tech, efficient centrifugal pump solutions.
- **Quality Assurance:** Committed to ISO 9001 standards for unparalleled reliability and performance.
- **Environmental Sustainability:** Focus on energy-efficient, eco-friendly pumping solutions.
- **Industry-Specific Expertise:** Tailored solutions for chemical, pharmaceutical, and food industries.
- **Customization:** Ability to adapt products to meet unique client needs across the value chain.
- **Safety and Economy:** Balancing maximum safety with cost-effectiveness in all offerings.
- **Service Support:** Comprehensive service from install to maintenance, ensuring optimal performance.

DIFFERENTIATORS

CP Pumps Inc. stands apart with over 70 years of expertise, seamlessly blending traditional craftsmanship with cutting-edge technology to deliver unparalleled pumping solutions. Our leadership in advanced centrifugal pump design ensures exceptional performance and reliability for specialized industries such as chemicals and pharmaceuticals. Guided by a customer-centric philosophy, we provide end-to-end support, from project development to operational integration, ensuring every solution is precisely tailored to meet the unique needs of our clients.
